In January a new government was elected in Greece that has tried to end austerity measures by renegotiating its debt repayment with other European countries, having the debt reduced and reversing spending cuts.

Do you think that other European countries should agree to reduce Greece's debt and renegotiate its repayment, or should they insist on the terms as they were initially agreed?

Should reduce and renegotiate Greece's debt	36	25	49	38	20	38	34	36	35	39	32	36	36	38	31	39	34	49	35

If Greece does not continue to pay back its debt to Europe on the terms initially agreed to, do you think Greece should be forced to leave the Eurozone (the collection of countries who use the Euro), or should be allowed to remain a member?
