Some countries have an economy in which all large industries are owned by the government. Other countries have an economy in which all large industries are owned by private companies. And some countries are in between, with large industries owned by a mixture of the government and private companies. How would you describe your country's economy? Please choose a number from 1 to 7 on the scale below, where 1 means 'an economy in which all large industries are owned by the government' and 7 means 'an economy in which all large industries are owned by private companies'.
