Some people think that countries voting politically means it is now impossible for certain countries to win the Eurovision song contest. Other people think countries lose because their entries to the competition just haven't been good enough.

Which of the following best represents your view?

Some countries suffer unfairly from political voting by other competing countries, and don't have any real chance of winning Eurovision	75	82	76	67	77	83	74	74	72	78	68	70	77	79	77	72	69	74	76	77	77

More specifically, do you think the recent situation in Ukraine will impact on how well Russia does at the Eurovision song contest?
