This week the Conservative party held their annual party conference.

From what you have seen or heard about David Cameron's speech and announcements at Conservative party conference, has it made your opinion of him more positive, more negative or has it made no difference?

Currently the higher 40p rate of income tax is paid on income over £41,900. David Cameron has said that a Conservative government would increase this level so that 40% income tax is paid on income over £50,000.
