Ed Miliband has said that he wants to reform Labour's relationship with the Unions by ending the way members of trade unions affiliated to Labour automatically pay a fee to Labour unless they opt out, saying that in future only trade unions members who made a deliberate choice to join Labour would pay a fee.

<b>From April 2013 housing benefit has been decreased for people who live in council housing or housing association properties that have more bedrooms than the government think they require. This means a couple living in a house with two bedrooms, or a couple with one child but three bedrooms have had their housing benefit reduced by 14%. This is called the "under occupy charge", but some people have referred to it as a "bedroom tax".</b>
