Bovine tuberculosis (TB) is an infectious disease of cattle. It can be spread from cow to cow, but is also thought to be spread by infected badgers. The government are supporting a cull of badgers in order to reduce badger numbers and reduce the risk of them spreading TB to cattle.

Do you think the proposed cull of badgers should or should not go ahead?

Should go ahead	35	50	26	36	39	48	30	30	39	32	33	33	35	39	38	31	37	33	39	34	36
Should not go ahead	42	28	53	44	47	33	50	47	38	45	38	39	45	42	39	46	37	44	42	44	35
