## 52. One China | Current Policy

Both the People's Republic of China on the mainland and the Republic of China on Taiwan claim to be the legitimate government of all China. What do you think the focus of U.S. policy should be on the China/Taiwan issue? (A) We should keep a low profile and let the Chinese deal with the problem themselves.; (B) We should continue to help Taiwan defend itself against possible attack from the mainland, including arms sales to Taiwan, even if this hurts our relations with China.; (C) We should improve relations with the People's Republic of China first, to increase our leverage in bringing influence on both sides to find a peaceful solution.; (D) Not sure
