## 7. Preventative surgery

If test results suggested that you had a high chance of developing a particular type of cancer and surgery was possible, would you undergo preventative surgery to reduce the likelihood of developing the disease?

## 8. Preventative surgery - breast cancer

If a genetic test suggested you had over a $75 \%$ chance of developing breast cancer, would you undergo a preventative double mastectomy (removing all the natural breast tissue and replacing it with implants) to avoid developing the disease?

|  | Total | Gender |  | Age |  |  |  | Party ID |  |  | Voter Registration |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
